

Our Aims at Sunnydale Nursery Ltd

- To provide a happy, safe and welcoming environment for children and their families.
- To provide a variety of stimulating and challenging activities provoking thought and curiosity.
- To value and build at home experiences.
- To allow all children to develop physically, intellectually, emotionally, socially and to develop skills and attitudes through a wide range of well-planned invitations to learning.
- To help children to become independent, self-motivated and confident.
- To value each child as an individual and help them towards tolerance and understanding of others, irrespective of similarities or differences.
- To identify a child with any additional learning/and or development needs, providing additional support where necessary.
- To provide quality learning experiences through a well-planned, broad, balanced Early Year Foundation Stage curriculum.
- To value first hand experiences and purposeful play as the vehicle for learning.
- To monitor each child's progress and development through careful observation and record keeping.
